BOSTON, MASS., MONDAY, OCTOBER 24, 1904.

PRICE THREE CENTS.

1908 vs. DEAN ACADEMY.

Freshmen Defeated by Heavy Team.

In a game characterized by wrangling, 1908 was defeated by Dean Academy last Saturday, by the score of 21 to 0. The Freshmen played a plucky game throughout, and although outweighed at least 25 pounds per man, they held Dean down during the first half, to a goal from the field.

Dean won the toss-up and chose the north goal, taking advantage of the slope. Glover kicked off to the 5-yard line, and after several scrimmages and punts, Kinsella of Dean kicked a field goal. Score, Dean 4, 1908 0.

Dean attempted a fake kick-off, in which Regnell got the ball for '08. After an exchange of punts, the half ended with the ball in Dean's possession on their own 30-yard line.

SECOND HALF.

Wight kicked off to Smith, who ran the ball back 15 yards. Dean blocked 1908's attempt to punt, and Tower for Dean, ran the ball to 1908's 5-yard line. Kinsella took the ball over for a touchdown. Wight kicked the goal. Score, Dean 10, 1908 0.

Dean kicked off to 1908, and the latter were forced to make a touchback. Glover kicked from the 15-yard line to Pulsifer, who ran the ball back 20 yards. After a few rushes, O'Connell made another touchdown. Wight missed the goal. Score, Dean 15, 1908 0.

Dean kicked off to Ferris, but regained the ball on the next down. Kinsella made 20 yards on a quarter back run. In a few downs Sullivan was pushed over for the third touchdown. Wight kicked the goal. Score, Dean 21, 1908 0.

Dean kicked off to Ferris, but after one down, time was called, the ball on 1908's 35-yard line.

1907 NEWS.

Class Meeting.

The second meeting of the Sophmore class was held in Huntington Hall last Friday at one o'clock. The report of the dinner committee was heard and approved. A committee of four, Lamont, chairman; Richards, Macomber and Griffin was appointed to arrange for class pipes. Also a committee of four: Dean, chairman; Godfrey, Starkweather and Marsh to see about class canes. A Field-Day Committee composed of Loutrel, Allen, Packard, Hallett and Frederick was elected to take charge of the Field-Day exercises. This committee is to appoint twentyfive assistants who will act as a subcommittee. President Leavell urged all the men to come out for the class teams. After a few words by Manager Wonson, in behalf of the Tugof-War team, the meeting odjourned.

Notices.

More men are wanted for the 1907 Tug-of-War Team. Not enough men are out to make up a team, and we are lamentably weak in this event. All men, whether experienced or not, come out and pull at the Gym. every afternoon at 4 P.M.

The Field-Day Committee consisting of Loutrel, Allen, Hallett, Packard and Fredrick will meet today, in 11 Rogers, at 4 o'clock.

1907 vs. Newton High Game Postponed.

The 1907 vs. Newton High Football game, which was scheduled to come off last Friday afternoon, at Newton Centre, was postponed on account of the disagreeable weather.

Manager Woodward expects to arrange a game for Monday with DeMerritt's School at the American League grounds.

Golf Tournament.

The individual championship contest, held at Springfield, on Friday, October 21, and on Saturday October 22, which ended the N.E.I.G.A. golf tournament, had no entries by men in the M. I. T. team.

Change in 1908 Schedule.

Waltham High School game of Nov. 2, cancelled, and Lowell Textile substituted.

NAVAL ARCHITECTURE.

First Meeting of the Society.

The first meeting of the Naval Architectural Society was held last week at the Technology Club. A committee was appointed to consider changing the design of the society pin. The pin is a small propeller having the letters T. N. A. S. on it, and it is proposed to leave these off. Several junior members of the course were elected to membership. The secretary was instructed to send a letter to Dr. Weld expressing the appreciation of the society for his gift of valuable books to the department library, for the model-shop, and for the course of outside lectures which he has made possible through his generosity. In the future, the business meetings will be held in the afternoon in Engineering C, and the smokers in the evening. The next meeting will be held at 12 o'clock Thursday, October 27, in Engineering C.

MISSOURI CLUB DINNER.

A General Dinner of all the Western Clubs is Suggested.

The first dinner and meeting of the Missouri Club, was held at the Union, last Friday evening. spite of the disagreeable weather, there were a dozen men present. Two new men from the entering class were present, and with two or three more from the same class, who were unable to attend, the number of men from Missouri, in Tech at the present time, reaches a total of about twenty-six. Mr. George B. Jones, '05, the retiring president of the club, acted as toastmaster, and after the dinner called a business meeting for the election of officers. L. G. Blodgett, '06, former secretary and treasurer, was elected president, while H. C. Henrici, '06, was made vice-president to fill the vacancy left by the resignation of W. D. Motter, Jr., '05. John B. Harlow, '07, was elected secretary and treasurer. A suggestion was made that a general meeting of all the Western Clubs be held in the near future, and it was decided that the Wisconsin and Chicago Clubs should be interviewed in regard to holding a general Western dinner early in December.

HARE AND HOUNDS RUN.

Six-Mile Run at Hyde Park.

The Hare and Hounds Run took place at Hyde Park on Saturday afternoon. Starting from the Y. M. C. A. Building, the course extended over a distance of about six miles. Many new men were out, making the total number about thirty-five. The Hares were R. E. Bell, '05, P. J. Clapp, '06, and C. E. Tucker, '06. A large number of Hounds started, and the finish was closely contested. E. H. Lorenz, '05, finished first, M. E. MacGregor, '07, second, and G. H. Ruggles, '06, third; H. R. Calloway, '08, C. A. Howard, '06, and W. A. Moore, '07, finishing in fourth, fifth and sixth places respectively. Time of Hares, one hour; time of Hounds, one hour and ten minutes.

Dr. Siegfried Czapski.

Dr. Siegfried Czapski, president of the Carl Zeiss Optical Works of Jena, Germany, called at the Biological Department on Friday, and, by invitation of Professor Sedgwick, addressed the Biological Club on the latest improvements in highpower microscopes. Dr. Czapski spoke particularly of the latest work of the Zeiss Company in perfecting a microscope for utilizing invisible rays of the spectrum to increase resolving power, and of the elaborate and novel apparatus required, such as lenses of fresed quartz, fluorescent screens for focusing, and photography for fixing the images obtained. Several members of the Department of Physics were present. and the occasion proved to be one of much interest and profit for all who listened to Dr. Czapski's clear, logical and yet remarkable concise treatment of a difficult subject.

1906 Elections.

The election committee of the class of 1906, Messrs W. J. Cady, H. C. Henrici, P. J. Kennedy, announce the result of the election to be as follows: President, H. L. Williams; Vice President, G. C. Simpson; Secretary, S. C. Coey; Treasurer, H. W. Streeter; Executive Committee, M. A. Coe, C. T. Bartlett; Institute Committee, N. Fallon, J. T. Lawton.

WILLIAM A. NICHOLS, PRINTER, 208 SUMMER ST., REAR

One of the oldest and most firmly established traditions at Technology, is the organization of a Republican Club during the year of a Presidential election, and the participation of this club in the Republican parade. Although election day is almost here, there has been nothing done to continue the custom this year. In previous instances, members of the Senior Class have organized the Republican Club and managed its parade. If we are to have the parade this year, there should be no more delay.

Many students have asked if in making out their report of reading for the past summer, they were allowed to count books which they have read at some other time? When the system was changed last spring so as to allow the student a much wider range of choice in books, it was decided to restrict the counting of points to books actually read in the specified time. The words in the report blank, "read carefully during the past summer" are to be strictly observed.

Chemical Society.

Dues should be paid immediately to Alden Merrill, '65, Treasurer. He may be found in the Organic Laboratory all day Monday, and Friday after ten o'clock.

GENERAL NEWS.

The imports of electrical telegrahic, telephonic, etc., apparatus into Egypt during the years 1901, 1902 and 1903, were valued at about \$210,000, \$276,000 and \$338,900, respectively. Of these, Great Britain led with the lion's share each year. The United States comes ninth with a total of \$8,965.

The new mining law adopted by the Santo Domingo Government is very favorable to investment and development by foreign capital. Anyone may take out a permit to prospect on payment of a deposit to cover damages; owners of lands have preference, but must pay prospectors' disbursments plus one-third the value of the mine, concessions are issuable on thirty days' notice, in conformity with local customs; mines are exempt from export duties and all taxes except 60 cents per acre annually for precious metal mines, and 30 cents per acre for base metal mines.

Andrew Carnegie has given Dickinson College \$50,000, to be used in completing "Conway Hall."

The Technical Education.

In a discussion in "The Opportunities in the Electrical Business," a paper presented to the Electrical Section, Western Society of Engineers, Mr. Francis Raymond made this statement:

"It is interesting to note that President James M. Dodge of the American Society of Mechanical Engineers of New York, on December 1, last, allotted to te linical graduates an income of only \$650 at the age of 22, \$900 at 24, \$1,350 at 26, \$1,800 at 28, \$2,050 at 30, and \$2,150 at 32. He rated shop trained men at \$675 at 22, \$780 at 24 to 32 years. Trade school men receive \$850 at 22, \$1,000 at 24, \$1,200 at 28, and \$1,250 at 32,"

These figures will show at least the financial reasons for securing a technical education .- State Colleigan.
